

MULTIPLY

Corporate Profile

An aerial view of a modern city skyline, likely Perth, Australia. The image shows several prominent skyscrapers and modern buildings. On the left, there are two cylindrical buildings with a grid-like facade, one of which has 'THE RITZ-CARLTON' written on top. In the center, a tall, slender tower with a distinctive lattice structure is visible. To its right is a large, curved glass skyscraper. Further right, another tall building has 'RSM' logos on its facade. In the background, a white skyscraper with 'ICBC' and a logo is visible. In the foreground, there are lower-rise buildings, some with red roofs, and a dense area of green trees. The sky is a clear, deep blue.

Multiplex is a premier construction company known for shaping skylines and delivering iconic projects around the world. Established in 1962, Multiplex has delivered over 1,120 projects with a combined value of more than US\$100 billion.

From the CEO

It's undoubtedly a challenging time for our industry. Labour shortages, cost of materials and economic uncertainty are putting pressure on contractors and our supply chain.

However, Multiplex has been riding the waves in our industry for more than 60 years and with any challenge comes an opportunity.

Across the board we are seeing a flight to quality with good clients seeing us as a safe pair of hands to deliver their projects on time, on budget and on carbon. We are well diversified across our global workbook and have a strong pipeline of quality projects in all regions.

Driven by our strategy for impact and materiality, we are continuing to create value across the full spectrum of ESG and lead the industry on important topics like Safety and Diversity and Inclusion with clear vision and action.

We are embracing the opportunity to work with our clients, supply chain, communities and industry to deliver exceptional projects and fulfil our purpose, to construct a better future.

John Flecker

CEO, Global

Arbor, London, United Kingdom

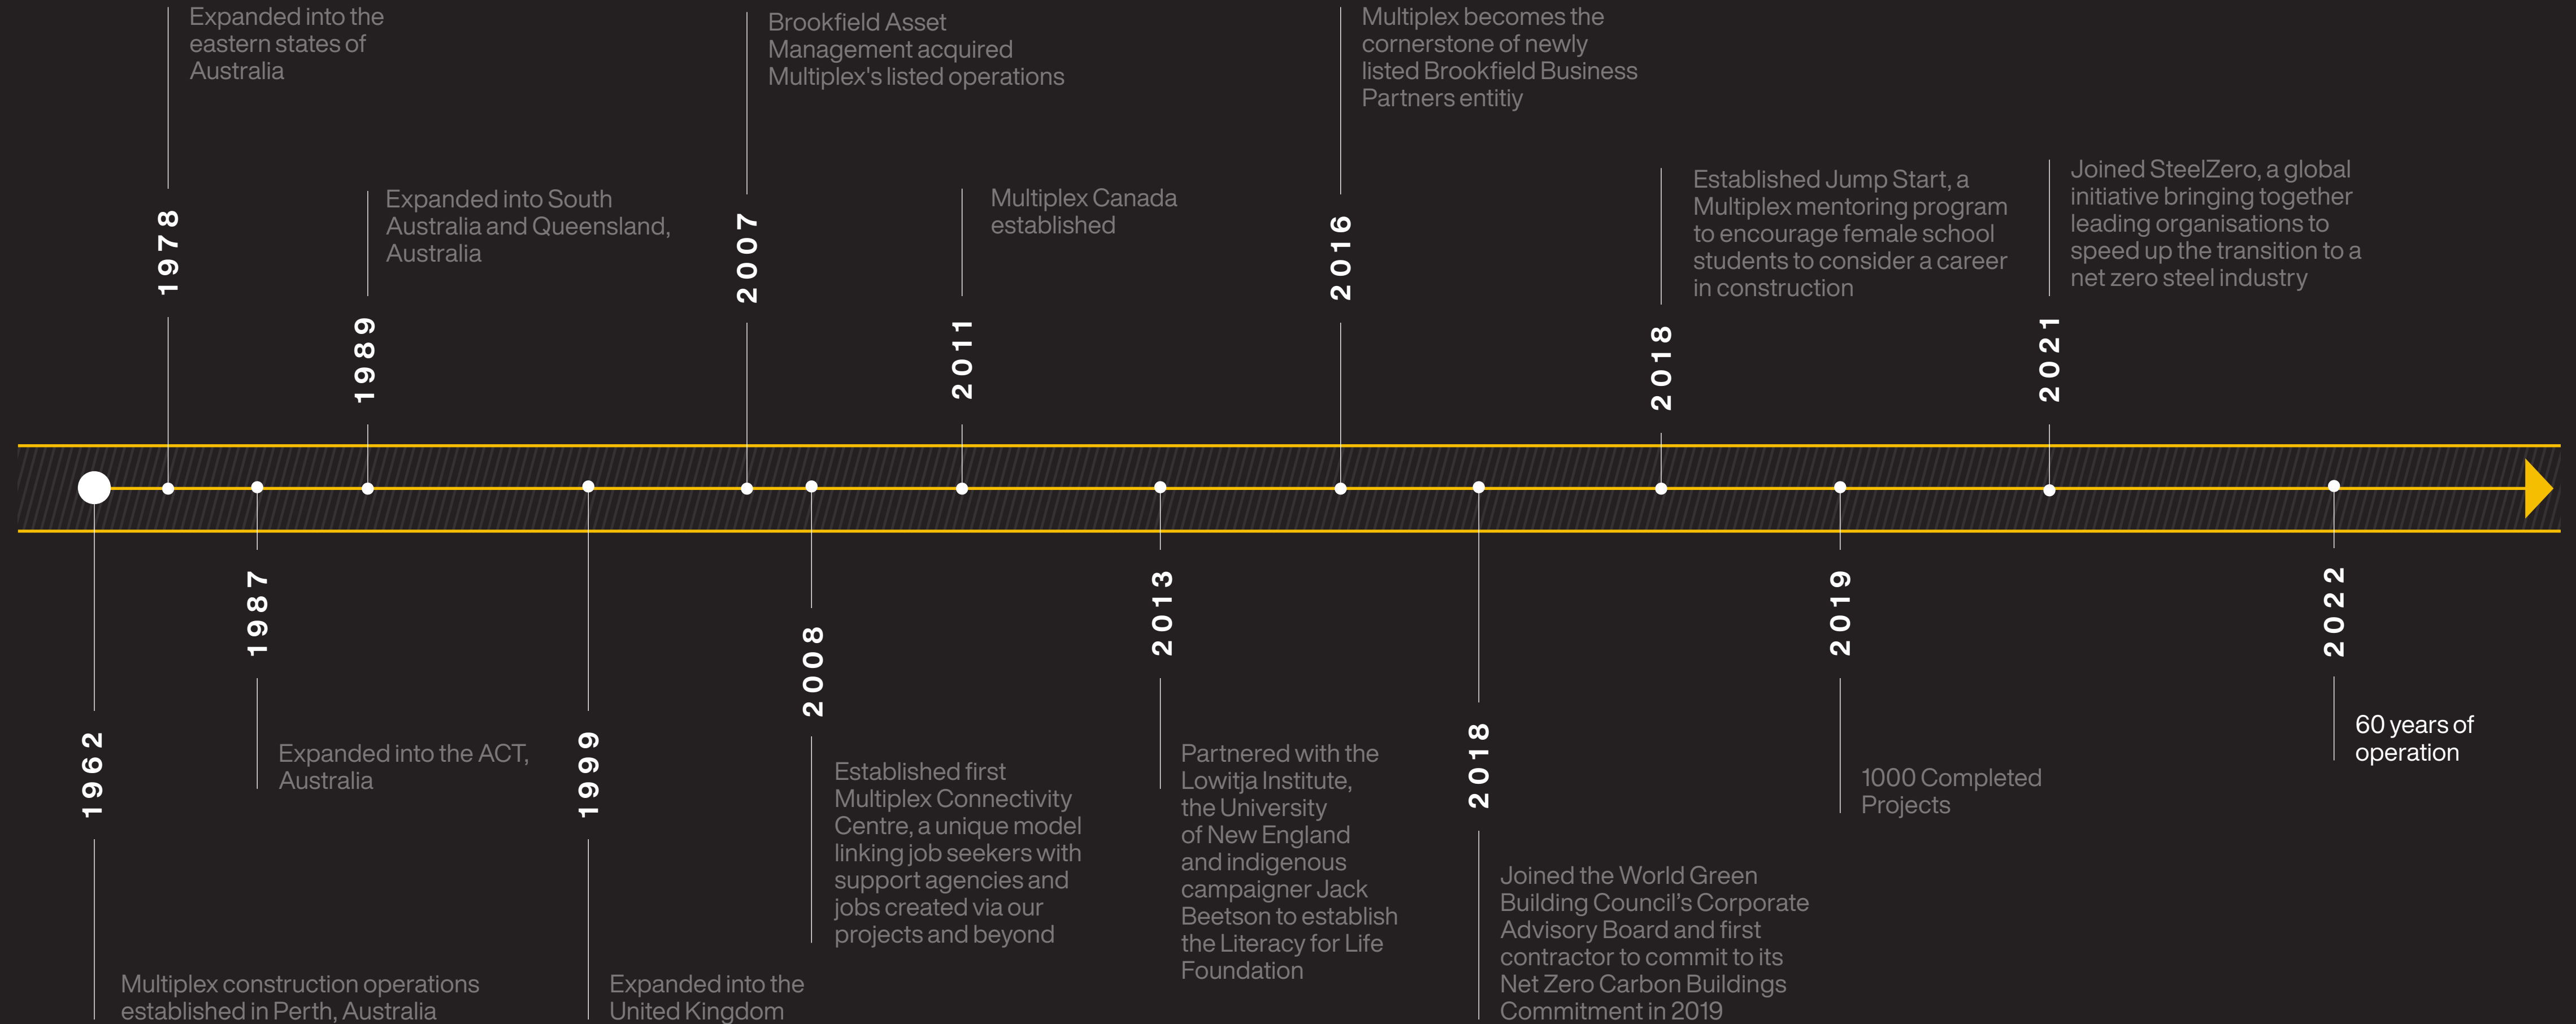

About Us

308 Exhibition Street, Melbourne, Australia

Our History

Building a culture of outperformance since 1962

Operating in 12 cities across four continents, our workbook includes some of the most iconic construction projects in the world. Our growth has been controlled and focused, targeting clients, cities and projects that complement our construction expertise and vision for outperformance.

Brand Platform

Our Purpose, Mindset & Values

We are known for delivering the world's best projects. And we recognise that what we're good at can make the world better. So our purpose is simple - to construct a better future. A better future where opportunities are harnessed, and our people, projects, communities and industry reach their full potential. We are uniquely positioned to fulfil our purpose by drawing on our culture - a powerful combination of inherent values, and a belief that we can outperform in everything we do.

Our Purpose

To construct
a better future

Our Mindset

To outperform in
everything we do

Our Values

We keep it real

We care about people

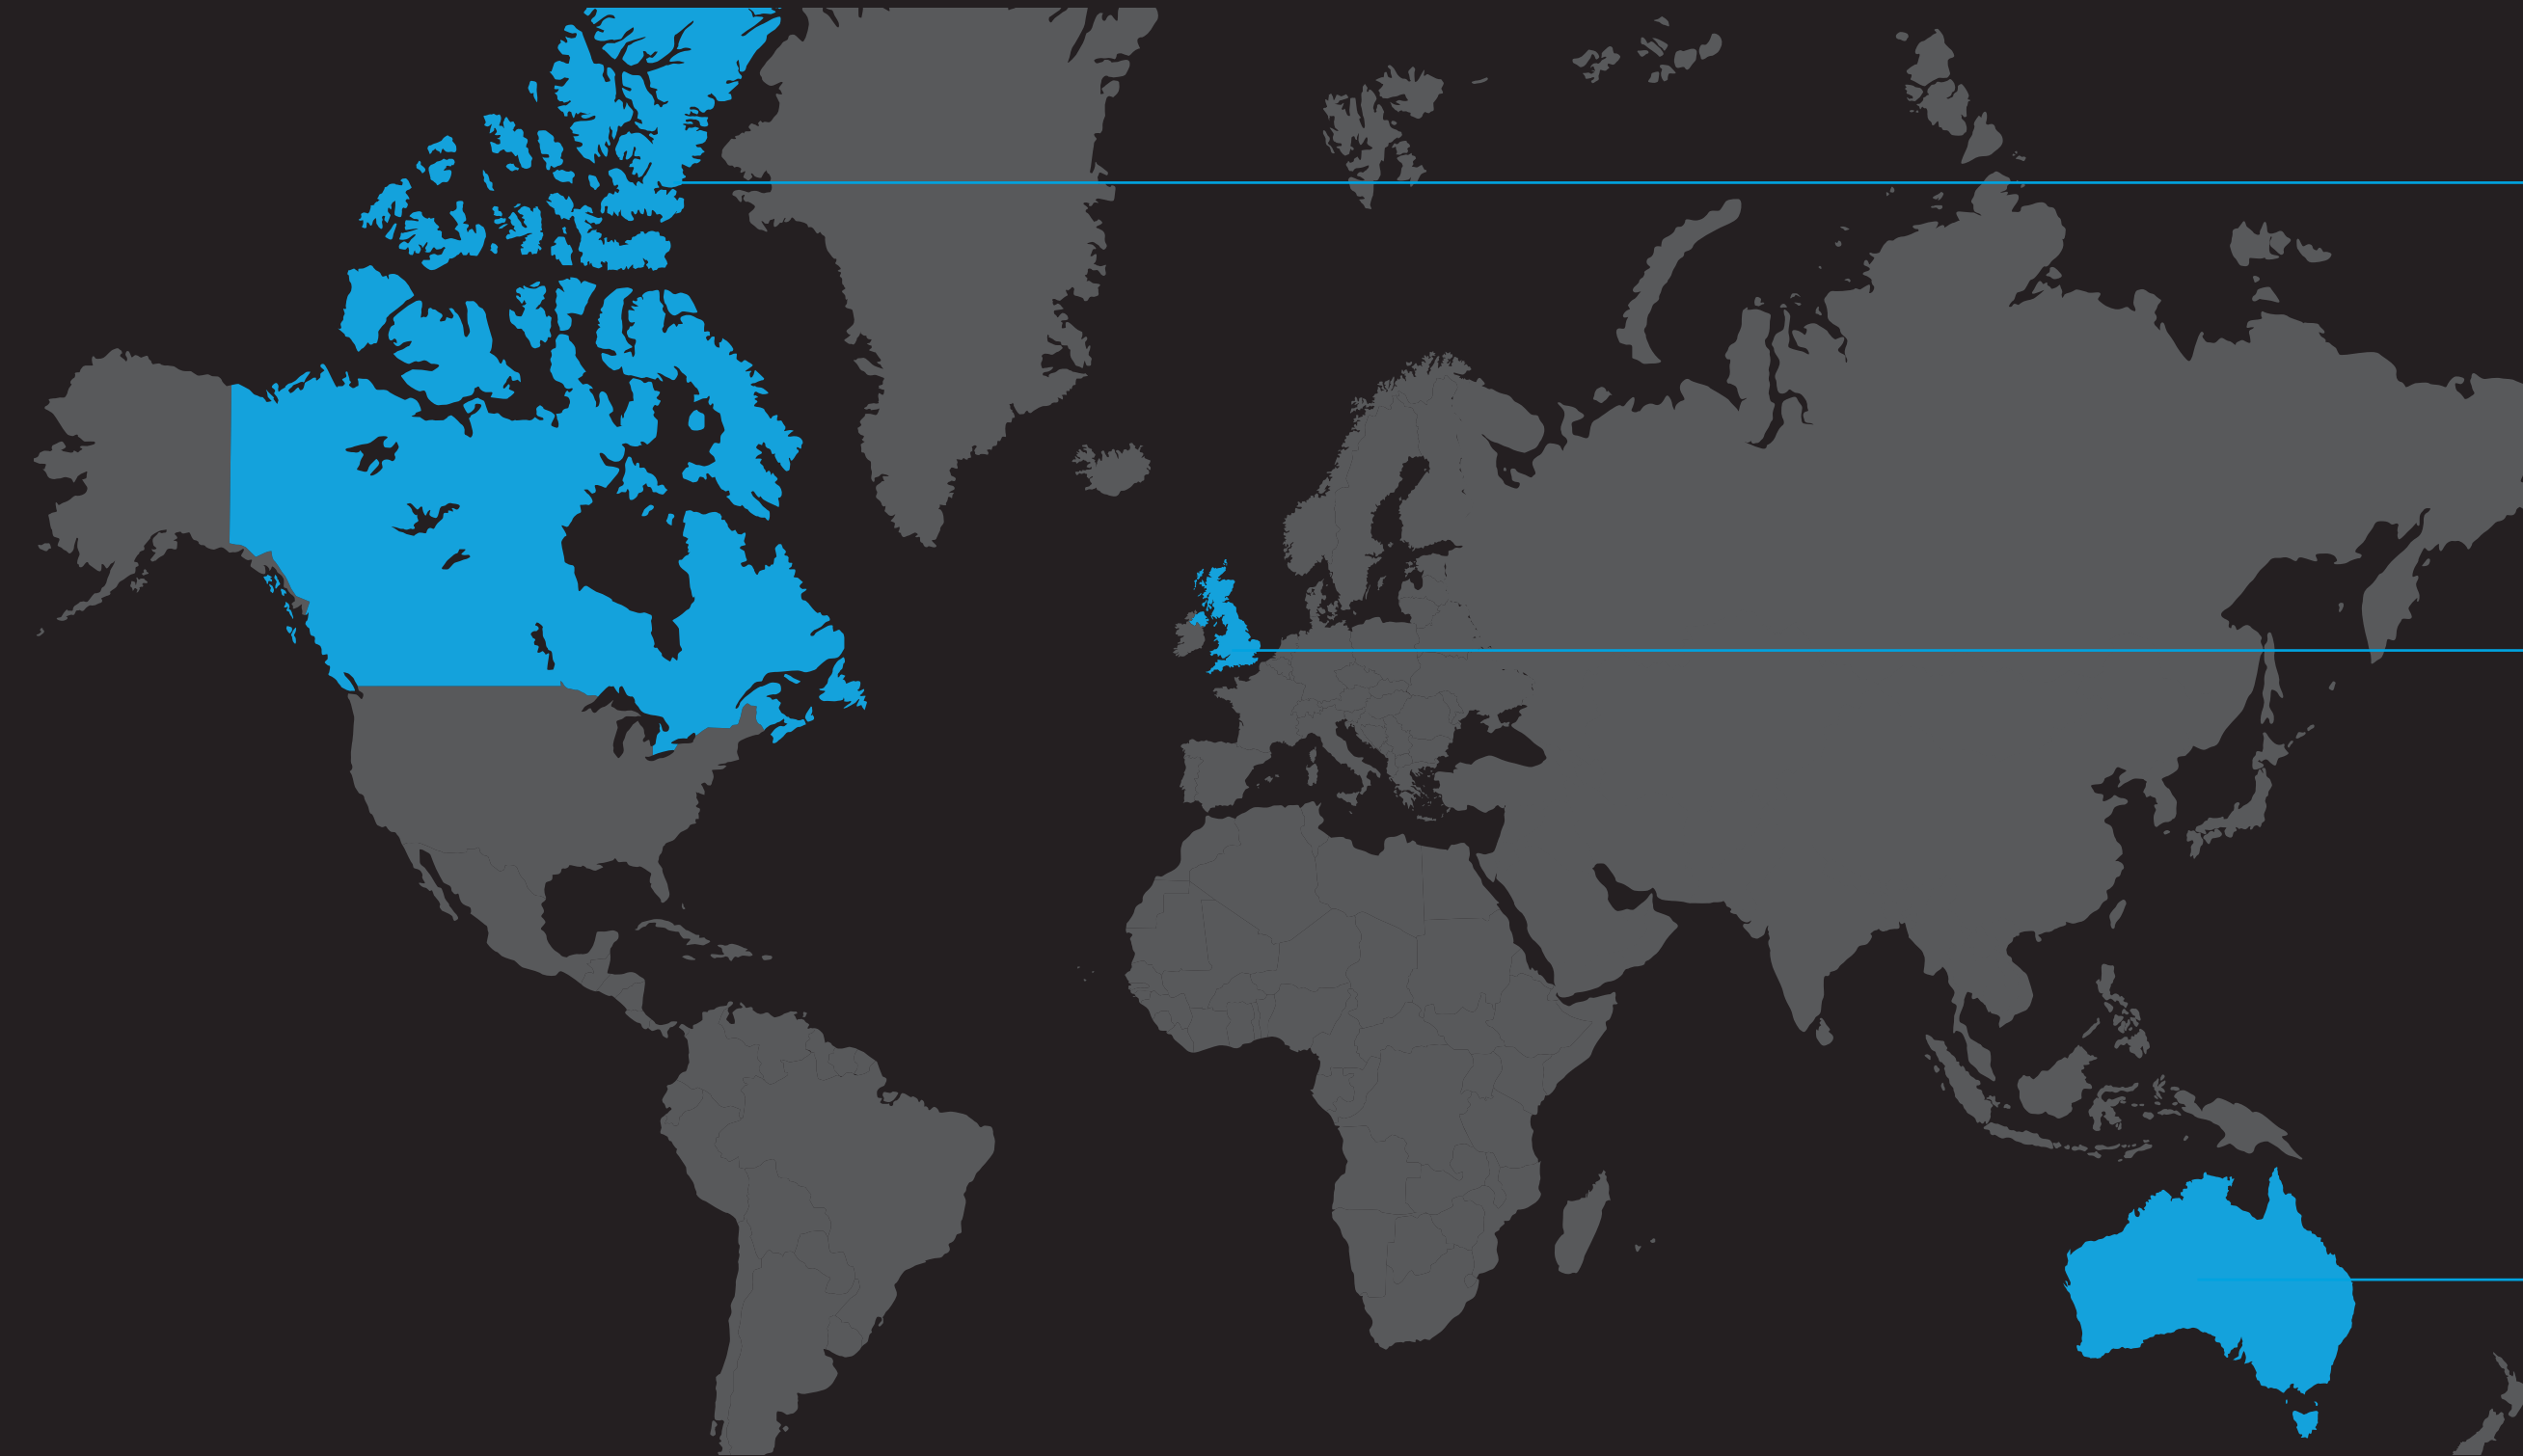

We are collaborative

We have grit

With more than 2,700 people globally, we have a mobile workforce that collaborates to share knowledge and apply world's best practice across our projects.

*Work to date values reflect active regions only.

Financial Strength

Sustainable growth and ongoing stability

We are backed by the financial stability and global relationships of our parent company, Brookfield, a leading global investment firm with approximately US\$925 billion in assets under management. It invests on behalf of institutions and individuals around the world with the goal of helping them to create long-term, sustainable wealth.

As part of the Brookfield family, we have access to vast expertise in investing in, owning and maintaining property and infrastructure assets. We have the unique ability as contractors to think like owners and deliver assets with an understanding of what drives their long term success.

Current Workbook \$13.2bn 63 Projects

Turnover

*Turnover is YTD figure as at 31 December 2023. Workbook is global and the total value of work under secured contracts as at [Q1 2024] including assumed Contract value on Construction Management projects. All values are in USD.

Our People

Built to outperform

Our unique culture positions us to achieve our purpose, to construct a better future. It is built on a shared belief that we can outperform in everything we do, and a set of values that are ingrained in our people: We keep it real; We care about people; We are collaborative; and We have grit.

What does this mean in practice?

Our people are encouraged to be creative in their approach to work, to voice their ideas and opinions, and always ask if we can do more or better.

We are collaborative in the way we listen, share and work as a team – be it with our colleagues, clients, communities or industry. And we know the way to harness opportunities and fulfil potential is by building a strong foundation of trust in our relationships, and by being straightforward and dependable.

We truly care about each other and the world around us, and we have the staying power to make a real difference.

A photograph of four construction workers at a site. They are wearing white hard hats with 'MULTIPLEX' written on them and high-visibility yellow safety vests. The worker in the center is smiling and looking towards the others. The background shows a construction site with wooden scaffolding.

Our Expertise

Our Expertise

Proven ability to deliver across all property sectors

With a track record of over half a century of successful project delivery, Multiplex combines the power and influence of a global contractor with the hands-on involvement of our senior leaders and experts. This puts us in a unique position in the global construction market.

Environment, Social, Governance (ESG)

Strategic pursuit of meaningful change

The fundamentals of ESG have been embedded in our global business for many years. We have led conversations and actions that have evolved our business and industry.

We are driven by vision, action and consistency of delivery across the full spectrum of ESG and have a clear and ambitious way forward.

We focus our efforts on five core principles. Within our core principles, we pursue actions where our opportunity for positive impact is the greatest and the impact of our efforts the most material.

Environment

Caring for the environment
Playing our part in the global carbon challenge

People

Caring for our people and those around us by:

- Keeping them safe
- Attracting, developing, retaining and rewarding exceptional people

Communities

Connecting and enriching our communities

Partnerships

Building rewarding partnerships with our clients and supply chain

Governance & Operational Excellence

Having sound business practices to manage risks and realise opportunities
